Subject: Core Public Health documents

Attachments: Essential Core Public Health Infographic_3.19.18.pdf; OSDH
Mandates_3_19_18.xlsx

Board members,

Over the past several months, including last week during Board of Health committee discussions, you have asked what Core Public Health services looks like and how we define it. Attached are two documents that should answer these questions and hopefully serve as a resource for you as we move forward.

The PDF document highlights the 10 Essential Public Health Services, as adopted by the Centers for Disease Control and Prevention, and how they relate to our “Chief” areas in the agency (which we used in the most recent organizational chart DRAFT).

In addition, the excel spreadsheet is a full list of mandates that we must carry-out by law. This document provides a level of detail that will be critical to completing our new agency budgeting process.

Please let us know if you have any questions. Have a great week!

Thanks,
Brian
